All the rooms are spacious & there is a terrace to the front of the lounge.

Very cheap property at less than 530 euros per metre.

Taberno is located in the north of the province, in the foothills of the Sierra de las Estancias, Taberno village is to be found on Mount El Madroño, with an urban area centred around the church, within a network of narrow, steep streets, small white walled houses with iron balconies and colorful patios. A tradition worth mentioning is the "Dance of the Souls." Groups are formed on December 13th for rehearsals, new groups being formed every year. Then there is singing and dancing by the people, the specialties being local songs and dances, money raised is put towards local projects. This tradition stems from early twelfth century, as can be read in the "Cadastral of Ensena", mid eighteenth century.
